Sailing Vacations - Day 1 - The Indians, Pirates and Sunsets

One of Many Great Snorkels - The Indians

"We have set sail for our first nights anchorage, the Bight at Norman Island also known as Treasure Island."Jim Adams

"Brilliant blue skies, water crystal clear and steady warm breezes as we set sail for our first destination, Norman Island. Captain Terry suggests that we make a stop at a renowned snorkeling reef, the Indians .

We receive our first lesson grabbing a mooring ball, John and I were assigned this task and were greeted with applause as we succeeded to pull in the painter and tie down the line.

Quickly we choose our masks, snorkel and fins from Captain Terry's supply and jump into the beautiful, warm Caribbean. Captain Terry carefully guided us around the coral wall and we were awed and amazed at the sights.

sport. Sir Richard Branson and the BVI Tourism Board will again sponsor this exciting sporting event.

Various launch areas will be used during the jam including Necker Island, North Sound, Virgin Gorda and Anegada. The event is thrilling both for spectators with all the colorful kites in the sky with the turquoise Caribbean Ocean as a backdrop. The BVI is a favorite location for amateurs and professional kit boarders. The Kit Jam is festive with parties, demos, technique clinics and numerous completions. Visitors from all over the world converge for this high energy event. The BVI is known for its steady winds, and they provide many thrilling and unexpected landings.

Kiting in the Surf

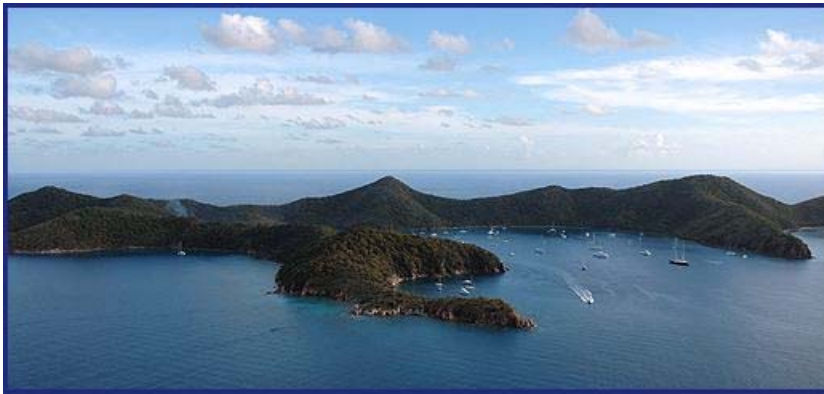

The absolute optimum way to enjoy this festive event is with your own chartered sail boat. A monohull or catamaran will be able to anchor close to the daily venue, serve as your transportation to the venues and of course it is the ideal floating hotel. Enjoy the daily parties until the wee hours of the morning and then just dingy back to your sail boat. Watch nature awaken as you enjoy an early morning breakfast on the cockpit of your boat. Seagulls diving for their breakfast, a turtle swimming by, bait fish are jumping. The air is about 86 degrees, skies are bright blue, small ripples

This is like swimming in an aquarium! So many different tropical fish and beautiful coral. "No Emily, no sharks!"

Back to our floating hotel, "Sea Breeze" and we were energized and excited as we check out the charts to identify the numerous fish that we saw. Drop the mooring ball, a short sail to Norman island and a picturesque anchorage surrounded by large green hills. John and I once again aced the mooring and we were set for the night.

Norman Island First Nights Anchorage

Located in the Bight of Norman Island is the William Thornton ("Willie "T"), a floating restaurant which is a replica of a topsails lumber schooner and offers casual dining and wild late night parties. We choose to take a short dingy ride to Pirates on Norman Island. A beach bar with lounge chairs, volley ball net and hammocks tied to huge trees. This is a perfect place to sample a pain killer and watch the sunset as the children decide to engage in a volley ball game. A first night's dinner of local cuisine under a large canopy and meeting happy cruisers from all over the world.

Pirates at the Bight

of water bounce of the bow. A nice breeze is coming out of the northeast (15-25 knots). Oh yes, this is going to be a good day , let's go ride the waves!!!

Captain Terry is an experienced sailor in the BVI and knows exactly where to anchor. Captain Terry will customize your sailing charter for a group of 2 or 20. Bring 20 of your closest friends and form your own flotilla or join other kit boarders in their flotilla. Party on your boat, invite new friends. Whether you plan to fly a kite or just watch someone fly a kite while you sit on the deck of the boat drinking a painkiller, you will always have the best seat in the house.

Night falls, the stars come out and we are back on our boat. Sarah, John and I lie on the deck and try to name the constellations while the girls decided to check out the party scene at "Willie T's".

I feel very content and happy with my family in these beautiful surroundings. I can't wait to see what tomorrow brings."

Overview of the British Virgin Islands

Map of British Virgin Islands The BVI has 50+ beautiful islands and cays so close to each other you are always in sight of land. The chain of islands shaped like a necklace (see map above) offers numerous safe coves and protected anchorages. This sailing paradise offers daily choices in the type and distance of your sail. The BVI just 60 miles east of Puerto Rico provides the best sailing

in the Caribbean with the trade winds consistently blowing 10 to 20 knots.

The larger islands in the BVI are Tortola, Virgin Gorda, Anegada, Jost Van Dyke, Norman island, Peter Island and Cooper Island. We will be featuring the history and uniqueness of each of these beautiful islands in future newsletters. Also, to be included in future newsletters will be articles on the best diving and snorkeling spots and of course the best places to eat and party.

One of the best parts of the BVI are some of the stunning sunsets seen from the bow of *Mañana Maybe* as she lays at anchor.
